PRODUCT DESCRIPTION

The Lassco HL 3 Hydraulic Lift 3 Spindle Paper Drill is a fully automatic hydraulic lift paper drilling machine. It has an adjustable 2 or 2 1 2 drilling capacity and foot pedal control. The Lassco HL 3 Paper Drill has a powerful 1 HP spindle motor. It features adjustable hydraulic lift speeds. Easy set up mode for drill depth adjustment. Some Pointers and Tips on Drilling USE A SHARP DRILL BIT AT ALL TIMES. Generally, a Drill Bit can be used for approximately four 4 hours of use before it needs to be sharpened. Apply light pressure when sharpening. Too much pressure may cause flaring of the tip. Once a Drill Bit has a flared tip, it becomes defective. Three types of Drill Sharpeners are available. We recommend you purchase a sharpener also an extra Drill Bit for each size that you use to insure you can finish a job in the event a Drill Bit breaks. USE A SHARPENING STONE to debur the outside cutting edge of the your Drill Bits for better performance. LUBRICATE DRILL BITS OCCASSIONALLY use Drill Ease or Spin Eze. While the drill is running, simply touch the Drill Ease stick to the Drill Bit or brush on the Spin Eze. This will allow for a smoother cut. USE DRILL BLOCKS. When drilling, a Drill Bit must stop slightly above the drill block when lowered. Replace worn out drill blocks regularly to ensure proper drilling.

PRODUCT SPECIFICATION

Num. Of Spindles	3 quantity
Max. Drill Capacity	2.5 in.
Motor Strength	1 hp
Voltage	208/230
	Single
	Phase
	Power volts

DIMENSIONS

Weight:	510.00 lbs.
Width:	38.00 inches
Length:	17.00 inches
Height:	56.00 inches

PRODUCT FEATURES
